

# **New Directions in EdTech and Next Generation Education Abroad**

# Agenda

---

- 01** Platform for Global Engagement
- 02** Virtual Study Abroad
- 03** Virtual Programming to stay
- 04** Leveraging Technology
- 05** Recommendations for the future

# Poll Question

---

Is your institution doing virtual international education programming?

- Yes, virtual study abroad
- Yes, virtual programming for international student population
- Yes, for both populations
- Not yet

# Terra Dotta: Platform for Global Engagement

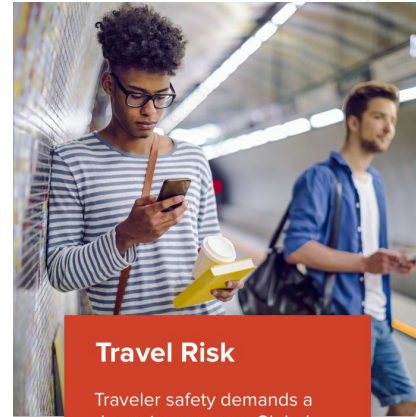

## Incoming

Welcome students and ensure compliance with our solutions for International Students and Scholars.

## Outgoing

Expand program offerings, focus on enrollment, recruitment and retention, while organizing travel and protecting students.

## Travel Risk

Traveler safety demands a dynamic response. Global visibility and one-click communications mean you'll be prepared.

# Virtual Study Abroad

---

## The situation

- Three virtual terms since COVID-19 started
- Demographic of study abroad is really different
- Diversity, Equity and Inclusion: Global Engagement is available to a wider audience than ever before
- Lines have blurred completely as a mix of incoming and outgoing students

# Virtual Programming is here to stay

---

**Equity**

**Employment**

**Difference of Perspective**

# Leveraging Technology

---

## Using Terra Dotta

- Robust reporting capabilities, even with the drastic increase in data
- Accessible anytime and anywhere
- Ability to communicate with partners, students, and faculty, globally in one system
- House learning content, documents, and schedules in a centralized place
- Engage with student during the term with Terra Dotta's student portal

# Recommendations for the future

---

**Continue leveraging partnerships.**

**Take an external view of your processes.**

**Reimagine international education from an inclusive lens.**

**Look at how you're impacting society.**

**Strategically reinvest in the student experience.**

**Actualize your risk management plan.**
