

WELCOME TO GATEWAY'S PROFESSIONAL CAREER COACHING

Career Coaching Services for International
Education Professionals

GATEWAY INTERNATIONAL GROUP

Gateway International Group ("Gateway") is a global consultancy specializing in international higher education. Gateway is composed of three distinct divisions, collectively focused on providing consulting solutions, executive search and staffing support, and professional resources. At Gateway, we excel in guiding institutions, organizations, and individuals through international higher education's dynamic and ever-evolving landscape. Our success is rooted in the expertise of our dedicated team, which consists of over 70 highly respected professionals who possess specialized knowledge and experience in international higher education.

PROFESSIONAL CAREER COACHING

Gateway's Professional Career Coaching services are offered as a bundled package designed for professionals seeking new opportunities in international higher education. Services begin with a confidential application process followed by a detailed intake session with a dedicated Professional Career Coach. Throughout the process, you'll enhance your professional presence with individual coaching modules and receive insights from a senior executive search consultant. Gateway offers ongoing support to guide you through the job search process, ensuring you have the resources to confidently pursue your next career opportunity.

WHAT'S INCLUDED

Client Intake & DiSC Assessment

Approved applicants will be paired with a Professional Career Coach who will conduct a thorough intake process to understand your individual goals and focus areas. This initial meeting includes a discussion of shared roles and responsibilities in the coaching process, along with instructions for a DiSC behavioral assessment, featuring [Everything DiSC® on Catalyst](#) and [Everything DiSC® Management](#). (Additional assessment reports, such as [Work of Leaders](#) and [Productive Conflict](#) are available upon request and for an additional fee.)

Professional Career Coaching

Your Professional Career Coach will facilitate four interrelated coaching modules designed to enhance your professional presence and equip you with the tools and insights necessary to navigate your career path with clarity and confidence. Each session will be 60 minutes.

✓ Who am I?

In this first module, your Professional Career Coach will debrief your assessment results and guide you through reflective exercises to gain deeper insight into your strengths, values, and professional identity.

✓ What Do I Stand For?

This module helps you craft a powerful leadership statement that clearly communicates your core values and vision as a professional.

✓ How Do I (Want to) Show Up?

This module focuses on strengthening your professional brand. You'll receive a personalized review of your LinkedIn profile and resume, along with practical tips to make your online presence more compelling.

✓ The Next Opportunity.

This module focuses on refining your networking strategies and elevator pitch, helping you make a lasting impression and confidently connect with industry peers.

Executive Insights

Clients will also meet one-on-one with a Senior Executive Search Consultant from Gateway Executive Search. This session will offer valuable insights into the hiring landscape, industry trends, and the qualities employers seek in candidates. You'll receive personalized feedback on your career trajectory and discuss effective strategies for navigating the job market. The session also includes a cover letter review and, if needed, a mock interview and to enhance your approach to job applications and interviews.

Search Support

For a period of three months, Gateway's senior executive search consultant will provide ongoing support to help you throughout your job search. This includes guidance on strategy, feedback on applications, and assistance with interview preparation. With this support, you'll have the resources and confidence to make successful strides toward your next professional opportunity.
